

GEMINI 2X1 SOFT

RGBWW LED Panel

CINEMATIC SOFT LIGHTING

Unleash your creative vision and bring high quality cinematic lighting to your set with the versatile Gemini 2x1 Soft. Control light precisely with a wide range of options, from a beautiful soft white light to full RGBWW, Gemini delivers the instant flexibility you need for creative lighting. Whether in the studio or out on location, the lightweight quick-to-rig Gemini 2x1 Soft provides exceptional results for any production.

- Front area dimension: 23.75"x11"
- 93° Beam angle, 156° Field angle
- Lux at 10ft/3m: 1079 (Daylight), 906 (tungsten)
- Color temperature range 2,700-10,000K
- Outstanding color accuracy, CRI: 99, TLCI: 99
- Full RGBWW color gamut mixing
- Hue, Saturation and intensity control
- Full plus/minus green color correction
- 100% automatic flicker-free dimming at any frame rate or shutter angle
- Wired or wireless DMX & Bluetooth remote control options.
- Multi-voltage 100-240VAC; DC Input 13-28VDC
- Optional mobile battery power with 100% intensity output
- Weight: 22.27lbs (10.1kg)

Cine quality, accurate white light for life in true color

True to life color reproduction comes naturally with Gemini. Consistently accurate and dependable white light with no color shift at any intensity from 100-0.1% means everything on set appears true to life and the skin tones of your on-screen talent are rendered perfectly.

Flicker-free output at any level

Fixing flicker in post is a thing of the past with Gemini. With advanced LED control to create seriously stable and flicker-free light at any shutter angle, frame rate or at any intensity level from 100 - 0.1% you can spend more time shooting and less time in the edit suite.

Full RGB control for endless creativity

One light, infinite creativity. With precision control over 16.7 million colors and a wide range of gels and fully customizable cinematic effects, Gemini is the only fixture you will need on set. From simulating fire or a television, washing a green screen or matching a color palette, Gemini's beautifully rich color output with outstanding depth, vibrancy and intensity means that whatever the situation the light you need is already on set and just the touch of a button away.

Battery power for cine lighting anywhere

For maximum flexibility to take your cine quality lighting anywhere, Gemini 2x1 Soft can be powered at full intensity for over an hour with batteries such as the Anton/Bauer DIONIC 26V as well as other 13-28V DC batteries with optional V-Mount or Gold-Mount battery plates to place your lighting anywhere your creativity takes you.

Lightweight and agile for rapid rigging

Ready to work right out of the box with no assembly required, Gemini 2x1 Soft is ready to start work immediately. Weighing in at just 22.27lbs (10.1kg) including the built-in power supply Gemini 2x1 Soft is easy to transport or move around your set, perfectly balanced and positioned quickly for action.

Built stronger for a longer life

Tough enough to handle life on the road, Gemini is manufactured to industrial standards using durable, robust materials. Designed to protect your investment, you can rely on the Gemini 2x1 Soft to work first time, every time for years to come.
