# Astra 6X Bi-Color LED Panel

**SKU:** 935-1023

- 105W Bi-Color 3,200 - 5,600°K
- Lux at 10ft/3m: 1,583 (5,600°K)
- Accuracy: CRI / TCLI 98
- Flicker free at any frame rate
- 100-0% smooth dimming
- Optional Bluetooth, DMX & wireless DMX
- Optional mobile battery power
- Weight: 7lbs / 3.2kg

# PRODUCT DESCRIPTION

# THE INDUSTRY WORKHORSE

**With over 60,000 units sold - and counting - seen lighting up newsrooms, studios and location sets around the world, Astra is the industry workhorse trusted to deliver exceptional and consistently high-quality light in a lightweight, tough and dependable fixture.**
**Bright enough to compete with the midday sun, light enough to hand hold and compact enough to fit into tight spaces, the versatility of Astra makes it the number one choice for DoPs, lighting camera operators and studio lighting designers everywhere.**

## Brighter lighting for extra creativity

Shape and create more light with the brightest 1x1 LED panel in its class, the powerful Astra 6X delivers over 1500 lux of quality light at 3m at any color temperature from 3200K to 5600K, producing enough light for you to design creative set lighting using light shaping tools or modifiers without compromising on light output. With greater light output you can use higher framerates on your camera to capture incredible slow-motion scenes, flood studio sets with a wash of consistently beautiful illumination or compete with the midday sun to show your talent in their best light.

## Dependable accuracy for true life color

Render skin tones perfectly with true to life color reproduction. With a CRI of 97 and TLCI of 98, Astra's beautiful light output delivers outstanding color accuracy from 3200K to 5600K. And, with no color shift at any dimming level from 100-0% you can depend on Astra to deliver consistently reliable high-quality light all day.

## Lightweight and flexible for endless opportunities

Quality light wherever you need it in an instant. Weighing in at just 3.2kg the ultra-light Astra is easy to transport and quick to rig or reposition on your set, use lightweight lighting supports or even hand hold for studio-level lighting anywhere. The adjustable onboard power supply mount means that Astra is always perfectly balanced ready for action.
