PRODUCT DESCRIPTION

The Astra IP Snapbag Softbox is engineered by modifier experts DoP Choice and uses a rapid mounting design that fits directly onto the fixture. The Snapbag's high-intensity silver fabric interior maximises output through a 1/2 diffusion cloth that attaches using Velcro to prevent any light leaks.

This Snapbag Softbox is compatible with the Astra IP Half only. It folds flat when not in use and comes with a protective bag. Optional Snapgrids are available.
