

Caliber Single Light Pack

SKU: 909-1002

PRODUCT DESCRIPTION

The latest addition to Litepanels' award-winning line of LED Fresnels, the Caliber is a Daylight balanced true Fresnel fixture with wide focus range that can be powered via DC with AA or professional camera batteries. Each Caliber LED Fresnel offers a output comparable to a 150W tungsten yet requires only 17W to power it. The Caliber's rugged aluminium chassis design provides a battery compartment for a true mobile lighting solution and dissipates heat ensuring color quality over the life of the LED. The lights compact size and high intensity output make it a valuable production tool in the field.

What's in the box: Caliber LED Fresnel, Manfrotto Pixi, Gel Frame, Gel Set (1/2 CTO & 1/2 CTB), 4-way Barndoors and an AC Adapter with International Plug Set.

TECHNICAL SPECIFICATIONS

Range	Caliber
Beam Angle	15 to 73
