

DoPchoice SNAPGRID for Gemini 2x1 Soft RGBWW LED Panel - Quad Array - SNAPBAG fit

SKU: 900-3631

PRODUCT DESCRIPTION

The DoPchoice SNAPGRID (SNAPBAG fit) creates a 40-degree directional beam spread, eliminating light spill. This soft eggcrate attaches quickly to the interior lip of a SNAPBAG with hook and loop fasteners. The SNAPGRID fits directly onto the front of four Litepanels Gemini 2x1 Soft RGBWW LED Panels that have been fitted with a SNAPBAG and mounted together with the Quad Array (2x2). As an additional convenience, it easily folds away for storage and transportation.
