

Studio X2 Daylight 60W

SKU: 960-2301

Fresnel 130mm / 5" Ø

PRODUCT DESCRIPTION

Talent Light with Natural Quality

Litepanels Studio X LED Fresnels, engineered by world renowned broadcast lighting professionals Quartzcolor, deliver high-performance, directional, bright white light with precision spot to flood beam control and consistent quality.

Natural talent light with perfect skin tone rendering is achieved with high output COB LEDs to produce superior white light. With no variation in quality at any dimming level from 0-100%, Studio X Fresnels perfectly match ambient and practical set lighting to show talent in a naturally realistic light.

The Studio X2 Daylight (5,600K) 60W Fresnel has a 5" lens in a practical compact chassis with spot-to-flood beam angle range of 12°-48°. The fixture offers output of 2,130 lux at 10ft/3m (spot). Advanced thermal management ensures 50,000+ hours of LED engine life, while individual burn-in and calibration tests ensure quality and consistency.

With high-quality, single source wrap-around illumination, Studio X is the perfect choice to light your talent – naturally.

The Studio X range is available for special order in selected regions only. Please use our Project Enquiry form for more information.
